**38-22-109. Lien statement.** (10) Within the applicable time period provided in subsections (4) and (5) of this section and subject to the provisions of section 38-22-125, any lien claimant granted a lien pursuant to section 38-22-101 may file with the county clerk and recorder of the county in which the real property is situated a notice stating the legal description or address or such other description as will identify the real property; the name of the person with whom he has contracted; and the claimant's name, address, and telephone number. The filing of said notice shall serve as notice that said person may thereafter file a lien statement and shall extend the time for filing of the mechanic's lien statement to four months after completion of the structure or other improvement or six months after the date of filing of said notice, whichever occurs first. Unless sooner terminated as provided in subsection (11) of this section, the notice provided for in this subsection (10) shall automatically terminate six months after the date said notice is filed. In the event that said structure or other improvements have not been completed prior to the termination of said notice, a claimant, prior to said termination date, may file a new or amended notice which shall remain effective for an additional period of six months after the date of filing or four months after the date of completion of said structure or other improvements, whichever occurs first.
